1. to run away hurriedly; flee.

noun:

1. a hasty flight.

"We don't have time to waste today, Eddie," she told him abruptly. "Now get your coffee and skedaddle."

-- Katherine Hall Page, *The Body in the Bouillon*, 1992

They just used to skedaddle off to work — I've seen hundreds of 'em, bit of breakfast in hand, running wild and shining to catch their little season-ticket train, for fear they'd get dismissed if they didn't; working at businesses they were afraid to take the trouble to understand...

-- H.G. Wells, *The War of the Worlds*, 1898

Skedaddle is an Americanism that arose in the 1860s. It may be related to the Scottish dialect word of the same spelling meaning "to spill, scatter."

### **gingham \GING-uhm\, noun:**

yarn-dyed, plain-weave cotton fabric, usually striped or checked.

It was gingham, with checks of white and blue; and although the blue was somewhat faded with many washings, it was still a pretty frock.

-- L. Frank Baum, *The Wizard of Oz*, 1900

Country curtains at the windows, blue gingham with a row of yellow daisies to trim the hem, and white cotton balls fringed the edges.

-- V.C. Andrews, *Dark Angel*, 1986

Gingham is derived from the Malay word *ginggang* which means "striped cloth."  
It entered English via the Dutch word *gingang*.
