Blast from the Past:

TRAXX Run Sunday, June 6, 1999

by Donna Ducken

Vrrmmm, start your engines and GO! what a blast it was to race at TRAXX in Everett. We had some great racers too. Barker, Duckens, Fosters, Gilberts, Hershaws, Humann, Kellogg/Julia, Overtone, Reeds, Spurner and son, and Telles all assembled at Round Table and cruised down 1—5 together. Thanks to some great maneuvering and the radio instructions we were able to stay all together in a line. Once there all of us that wanted to race filled out the required forms and I organized everyone into 2 groups.

The Harts and Lambley's and son met us there. After donning hair nets, helmets, goggles and gloves we were ready. In the first heat the "kids" showed everyone up zooming around the corners. "Mrs. Kellogg", "Sandy", "Patty H", and "Skagit Sue" held their own with the guys and way too soon their turn was up. In the next heat I was the only woman but managed to keep it on the track and out of everyone else's way! We sure had some intense racing going on!

Blast from the Past (continued):

Many went for a second run but Steve & I decided to rest our arms and hands. What a work out! The cheering section of Gilberts, Anita, Linda T., Judy and Reeds were soon ready for some fresh air as they were breathing in quite a bit of exhaust! What fun we all had here however, and I am ready to go again! They even invited us back!

All too soon our hour was up and we jumped in our cars ready for the next fun thing. We followed Kevin a short distance to a very unique fish farm where they raise and sell Koi, those fancy pond fish, and have many "makes and models". They also sell unique plants for ponds and gardens and have some birds to look at too.

Linda C., Julia and Patty all tried their hand at feeding the BIG 1(01 and tried to convince me to try it but no way was I going to stick my hand in there and have them suck the food out!

From here we went to the restaurant and although we were close to an hour early they quickly set up for us. The chatter here cannot be reprinted in this newsletter but a few samples are "and her husband takes her top off every night then puts a cover on it!" and "she likes to have her hand sucked!" well you get the idea. Kevin did an excellent job of "playing" waiter and I think we were all "intoxicated" from the exhaust fumes as we couldn't stop laughing. We weren't surprised when they pulled the partition curtain closed to block us off from the lounge, We seem to have that happen a lot!

After a good lunch we said our goodbyes and pretty much separated from here to head home as the skies had turned "ugly" and it was raining pretty hard. What a fabulous time with great friends this run was!

I'm so glad to see so many come out for the fun we always manage to have despite the cold weather. So until the next time. .Save the Wave!
