GM product chief crashes Corvette ZR1 pace car (AND it was televised!)

General Motors product development head Mark Reuss was behind the wheel of the 2019 Corvette ZR1, leading the cars around the Belle Isle road course ahead of Sunday's second round of the Detroit Grand Prix when he lost control and slammed into the wall. The official statement from Chevrolet doesn't identify the driver and says weather and track conditions were a factor. (It was sunny, dry and hot!)
